Merit Criteria

• Value for money – estimated costs through competitive, multiple quotes or a demonstrated procurement process • Demonstrated capacity and capability to deliver the project• Any co-contributions from other sources (cash or in-kind)• Ability to access other funding sources for the project

* In kind contributions should be quantified and included in the project budget. These include labour or materials or other goods or services contributed to the project by the Crown land manager or community. Unless these contributions are clearly articulated, they cannot be considered in the assessment process. Assessors will be provided with guidance documentation to ensure accurate and consistent assessment scores across the state.

Please detail any risks or uncertainties in the **delivery of the project**, and how each of these will be managed.

Please include only one risk or dependency per row. Add more rows if you want to list additional risks or dependencies.

This response contributes to the assessment of project "Deliverability and Affordability".

Budget

* indicates a required field

Quotes or Cost Estimates

Quotes or an acceptable cost estimate need to be included for each activity element, with the number of quotes needed dependent on the amount of CRIF funds requested for that element.

Requirements for quotes and cost estimates for non-Council CLMs (Inc GST)

- $0 - $30,000 requires at least one (1) written quote
- $30,001 - $150,000 requires at least three (3) written quotes (preferred)
- $150,001 + requires acceptable cost estimate and a commitment (that is, a strategy) for procurement via a competitive public tender

*It is preferable for Crown land managers to obtain the **target benchmark of 3 quotes (Inc GST) for each activity element between $30,001 - $150,000,** this gives assessors sufficient comparative information to make an informed value assessment. **If this proves too difficult then we will accept 2 quotes down to a minimum of 1. Please note however that, all quotes will be marked down or potentially be marked ineligible if they do not represent reasonable value for money in the use of public CRIF funds.** The less quotes provided, the harder it is to assess the "Value for Money" of your activity element and potentially the lower the score attributed to your project.*

* ***Cost estimates in support of detailed plans are acceptable for larger projects in excess of $150k for:***

1) Council Crown land managers

***2) Non-Council Crown land managers** if the estimates are provided by **professional estimating firms**.*

Note that these will be assessed for value for money relative to the proposed project plan along with other CRIF assessment/merit criteria.

Expenditure

Please include all expenditure items that you are seeking to fund under the grant.

Please note, these items must be eligible under the grant as according to the CRIF Guidelines - Crown Reserves Improvement Fund | Crown Lands.

Quotes must be itemised with each expenditure item entered. Quotes that are not itemised may be marked down during assessment.
